

MAXXIMUM PERFORMANCE™ LUBRICANTS

PREMIUM **BAR & CHAIN OIL** **HIGH TACK**

Maximum Performance™ Bar and Chain Oils are specifically formulated for the lubrication of chain and guide bars of modern chain saws. Maximum Performance™ Bar and Chain Oils use a special blend of highly refined base oils coupled with the latest additive technology to provide exceptional protection against friction and wear of your chain saw. Maximum Performance™ Bar and Chain Oils are engineered to offer exceptional adhesiveness, excellent rust and corrosion protection and the ability to operate even in the harshest conditions.

Performance Features

- Anti-Wear Protection
- Rust Protection
- Oxidation Resistance
- Excellent Adherence to reduced oil throw off even at high speeds and temperatures
- Low Pour Point to ensure flow ability
- Protects in hot and cold conditions
