

MAXXIMUM PERFORMANCE™ LUBRICANTS

SNOW PLOW HYDRAULIC OIL

Maximum Performance Snow Plow Hydraulic Oil is a high quality, high performance snow plow oil specifically engineered for extreme low temperature conditions. Formulated from state-of-the-art additive technology and high quality base oils, Maximum Performance Snow Plow Hydraulic Oil provides exceptional anti-wear performance, outstanding rust and corrosion protection, long service life, excellent oxidation stability, outstanding cold temperature performance and is also dyed red for easy detection of leaks.

Performance Features

- Excellent Low Temperatures Properties
- Wide Temperature Range Performance
- Excellent Rust and Corrosion Protection
- Excellent Anti-Foam Properties
- Outstanding Anti-Wear Protection
- Exceptional Shear Stability
- Excellent Water Shedding Properties
- Long Fluid Life
